Dear Applicant

I am delighted that you are interested in working at The Castle School and look forward to welcoming you to our School for a visit if you can so that you can see first-hand what we are about and what we can offer you. We are a friendly and welcoming school and our parents and students are always very appreciative of what staff do for them. We frequently have appreciative compliments from parents and members of the community, which I like to read out in staff briefings so people get the recognition they deserve. This builds a positive and warm school community where everyone is valued.

At The Castle School, we value teachers. We have an outstanding record of training teachers and investing in our staff, believing that potential, enthusiasm and good subject knowledge leads to outstanding teaching. Our excellent CPD programme supports that; even the best teachers need to keep refreshed and interested, and given opportunities to develop themselves. We are serious about education for our students AND our staff.

We love diversity and richness on our school so we welcome teachers at the beginning of their career equally to teachers who are further on in their careers, perhaps looking for something different and wish to bring up their families or enjoy the beautiful Somerset landscape and quality of life.

Whatever stage you are at now, if you are ambitious to progress in your career, we will give you opportunities to develop leadership and management, to work with some of the best teachers in the country and to learn leadership from some of the best in the profession. We have programmes for school leadership, Head of Department or Faculty, Pastoral leaders, aspiring strategic leadership and our Exemplary Teacher programme. 80% of the 20 participants on the school leaders course went on to gain promoted posts either within or beyond the Trust.

I hope you will understand from this our commitment to your professional development. As a result of our belief in investing in staff, we have just submitted an application for Teaching School status. I do hope that the successful candidates will find this interesting and exciting.

Staff at all levels have a strong visible presence and are responsive to students. I want students and parents to know that if there is a problem, we will deal with it quickly - within one working day- and to take any action quickly and fairly. There must be no child invisible at The Castle Partnership Trust and incidents must be dealt with quickly and effectively so children know and trust that we will take care of things and will go the extra mile with them. We are also committed to widening participation so that every child participates in learning and enrichment and all members of the school community are expected to pursue these aims.

Context

The Castle School is an outstanding school; it is good to have this recognised by OFSTED but it is more important that our students continue to receive the best education we can give them. Our students achieve some of the best exam results in the UK. In our most recent results, 81% of students achieved at least 5 GCSE passes at grade C or above including English and Maths. We have been ranked 29th in the UK by the Daily Telegraph and 7th in the UK by the Times for %A/A*. We continue to achieve the top attendance rate in Somerset and that seems to me to be a good indicator of how much students enjoy school. We have been one of the top schools nationally for a number of years and are heavily oversubscribed with about 550 applications a year for 240 places.

This doesn't just happen of course. We work hard for our students and instil a positive learning ethos that is appreciative of others and supportive. Students have high aspirations and expectations of us as we do of them. Students will tell you the best thing about the school are the teachers and teachers will say the best thing about the school are the children and the staff who they work with. Children here achieve more than expected progress and most achieve more, but it is critical to me that every child has a sense of belonging and worth, and that every child participates in enrichment and learning. We all know that exam results matter, they allow our students to progress in their education and to embark upon careers, but no less important is the kind of person they become that matters, that leads to happy positive relationships, good health and to go on and live happy, prosperous (in every sense) and fulfilled lives. That is what we want for every single one of our children.

The Trust

We are a Multi-Academy Trust with Court Fields School, one of The Castle School's neighbouring schools. Court Fields was put into special measures in November 2012. In January 2013 the DfE asked The Castle to sponsor Court Fields as an academy, which means it became part of the Trust in 2014. However, The Castle has been working closely with Court Fields since January 2013 and Court Fields is now the most improved school in Somerset. The progress was recognised by the monitoring inspection team in November 2013 and in an unprecedented move, the lead inspector decided to make the monitoring visit a full section 5 inspection and took the school out of special measures in recognition of its dramatic improvement. Court Fields is well on its way to 'good' and the Headship Team (the Head of The Castle School and the Head of School at Court Fields) is determined and focused on raising standards. The staff at Court Fields have risen to the challenge and, like The Castle School, the students at Court Fields are the best thing about the school. They are motivated and keen to learn but they are proud of their school and want to see it improve.

Although you will be appointed to The Castle School post, if you wish to develop leadership, there are opportunities to do so around the development of the Trust when you are ready and only if you wish.

A key theme in our next phase of development is to strengthen progression for all children through the Key Stages by working with primary partners to identify families, who are vulnerable early on, and to plan and implement strategies to support the children in their education. By doing this we think it will ensure that all students in The Castle Partnership

Trust will achieve their full potential and become productive and happy members of society. All members of the Trust will contribute to and benefit from this relationship over time and we are working hard to develop these relationships. We have recently developed even stronger links with our primary schools and they are key partners in our successful bid for Teaching School.

This is an exciting stage of our growth as a Trust. We are contracted to work with Rebecca Clark, the Regional School Commissioner as well as developing the Trust so that other schools see the benefit of working with us and joining us in our partnership. If you wish to be involved in any of this, you will be very welcome. For those of you who are ambitious to progress in your career, this is an excellent opportunity to build up skills and experience that will prepare you for promotion at the right time. Equally, we want teachers who want to focus on their own practice and enrich children's lives and give them opportunities to become happy, prosperous adults with a strong moral compass and self esteem, to contribute to society and participate.

The most important thing for our children is their safety. We foster a culture of vigilance amongst staff, students and parents. We always listen to children and take their concerns seriously. The Castle Partnership Trust is committed to safeguarding and all staff have a duty of care towards our young people. All complaints and concerns are fully investigated. Please note that for posts working with children the successful candidate will be required to undergo Disclosure and Barring Service checks in line with the Local Authority and School Child Safeguarding Policy.

On a personal note, this is a fabulous Trust and it is a pleasure and privilege to work for our students and with our staff. This is the best school I have ever worked in and the best team of people I have ever worked with. They willingly give up time and invest enormous energy in educating our young people. We want people to join us who are similar and who have very
