## Yr11 Engineering Design (OCR J822): Summer Term

(All page references refer to the Engineering Design Hodder Education revision guide) EXAM 9 MAY 2024 AM

				To further commendation diverting diverting through the	Devision evide				
Tonia	<b>_ D</b>			To further your understanding try reading through the	Revision guide				
Горіс	ĸ	A	G	topics in the revision guide & answering the questions	Page /				
contract relate to the topic area in your workbook Workbook page									
CONTEXT					540				
Topic Area 1:	K	A	G	1.1 Design Stages involved in the design processes	P10				
				• Linear design (P11)					
Design Processes				• Iterative design (P12)	Workbook 1 1				
				<ul> <li>Inclusive design (P12)</li> <li>User centered design (P14)</li> </ul>	P5 – P6 Q. 1 - 2				
				<ul> <li>Oser-cantered design (F14)</li> <li>Sustainable design (P14)</li> </ul>	General questions				
				<ul> <li>Ergonomic design (P15)</li> </ul>	P6 – P 8 Q1-6 Short answer				
				<ul> <li>Belative advantages and disadvantages of each</li> </ul>	auestions				
				design strategy (P16)					
	R	A	G	1.2 Stages of iterative design process and the activities within each stage	P17				
				<ul> <li>Analysis of the design brief</li> </ul>					
				<ul> <li>Methods of researching product requirements (P18)</li> </ul>					
				1.3 Modelling and evaluation of the design idea	P20 Workbook 1 2 & 1 3				
	ĸ	A	G	<ul> <li>Reasons for the use of modelling (P20)</li> </ul>	P 8 - P10 Q 1-7				
				<ul> <li>Virtual modelling of the design idea (P20)</li> </ul>	General questions				
				<ul> <li>Physical modelling of the design idea (p21)</li> </ul>	P11 - P 13 Q1-10				
				<ul> <li>Manufacture or modification of the prototype (P21)</li> </ul>	Short answer questions				
					Long answer questions				
Topic Area 2:	R	Α	G	2.1 Criteria including in an engineering design	P23				
				specification.	Workbook 2.1				
Design				Needs and wants (P23)	P17 – P18 Q 1-6				
Requirements				Quantitative & Qualitative criteria (P23)					
				Reasons for the product criteria included in the	Short answer questions				
				design specification (ACCESS FM) (P24)					
	R	Α	G	2.2 How manufacturing considerations affect design	P25				
				Scale of manufacture (P25)	Workbook 2.2				
				<ul> <li>Materials availability and form (P28)</li> </ul>	P21- P23 Q 1-7				
				• Types of manufacturing process (P28)	General questions				
				Production costs (P35)	P24 – P 26 Q1-8 Short answer questions				
				2.3 Influences on engineering product design	P36				
	R	Α	G	<ul> <li>Market pull and technology push (P36)</li> </ul>	Workbook 2.3				
				<ul> <li>British and international standards (P37)</li> </ul>	P27 – P29 Q 1-8 General questions				
				<ul> <li>Legislation (P38)</li> </ul>	P29 - P 32 01-6				
				<ul> <li>Planned obsolescence (P38)</li> </ul>	Short answer questions				
				<ul> <li>Sustainable design (6Rs) (P39)</li> </ul>	P33 – P36 Q. a - d				
				<ul> <li>Design for the circular economy (P39)</li> </ul>	Long answer questions				

	D	•	6	2.1 Turner of drawing used in angine aring	D42
Topic Area 3:	ĸ	A	G	5.1 Types of drawing used in engineering	P4Z
				<ul> <li>Freehaliu Sketching (P42)</li> <li>Isomotric drawing (P42)</li> </ul>	Workbook 3.1
Communicating				<ul> <li>Isometric urawing (P43)</li> <li>Obligue drawing (P43)</li> </ul>	General questions
design outcomes				Oblique drawing (P43)     Orthographic drawing (P44)	P39 - P42 01-8
				• Orthographic drawing (P44)	Short answer questions
				• Exploded views (P44)	
				• Assembly drawings (P45)	
				BIOCK diagrams (P45)	
				• Flowcharts (P46)	
				• Circuit diagrams (P46)	
				• Wiring diagrams (P47)	
				Advantages and disadvantages of each drawing	
				technique (P48)	
				3.2 Working drawings	P49
	R	Α	G	• 2D engineering drawings using third angle	Workbook 3.2
				Standard converting (P49)	General questions
				Standard conventions (P49)	P46 - P48 01-11
				Abbreviations (P54)     Decrementations of machanical features (DEC)	Short answer questions
				Representations of mechanical features (P56)     2.2 Using CAD drawing software	P58
				3.3 Using CAD drawing software	Workbook 3.3
				<ul> <li>Advantages and disadvantages of using CAD drawing software verses menual drawing techniques (PER)</li> </ul>	P49 Q 1-4
	R	A	G	software verses manual drawing techniques (PS8)	General questions
					P50 – P51 Q1 & 2 Short answer questions
					P52 – P54 Q. a - c
	_				Long answer questions
Topic Area 4:	R	Α	G	4.1 Methods of evaluating design ideas	P61
Evoluting				Production of models (P61)	Markhaak 4.4
dosign idoas				Qualitative comparison with design brief and	P55 - P56 0 1-6
uesign lueas				specification (P61)	General questions
				Ranking matrices (P61)	P57 – P58 Q1 - 7
				Quality function deployment (QFD) (P63)	Short answer questions
	R	^	G	4.2 Modelling methods	P6/
	Ň		U	Virtual modelling using 3D CAD (P64)	104
				Modelling using card (P65)	Workbook 4.2
				Modelling using block foam (P66)	General questions
				Breadboarding (P66)	P61 - P63 Q1 - 8
				• 3D printing (P67)	Short answer questions
				<ul> <li>Advantages and disadvantages of each modelling</li> </ul>	
				method (P68)	
				4.3 Methods of evaluating a design outcome	P68
				Measuring the dimensions of a product (P69)	
	R	Α	G	<ul> <li>Invieasuring the functionality of a product (P70)</li> <li>Quantitative compositions with design brief and</li> </ul>	Workbook 4.3
				<ul> <li>Quantitative comparison with design brief and specification (PZO)</li> </ul>	P63 - P65 Q 1-5
				Specification (P70)	$\mathbf{P65} = \mathbf{D67} \cdot \mathbf{O1} = 9$
				<ul> <li>User testing (P/U)</li> <li>Adventages and disadventages of each worth of the</li> </ul>	Short answer questions
				<ul> <li>Advantages and disadvantages of each method of evaluating a design outcome (DZO)</li> </ul>	P67 – P71 Q. a - d
				evaluating a design outcome (P70)	Long answer questions
				improvements to the design (P71)
