

31 January 2023

Dear parent/carer

### MATHS EXAM PRACTICE PAPERS

As the pre-public exams (PPEs) approach, your child should be working on topics they need to revise. These can be found on the personal learning checklists (PLCs) from their mock exams in November and January. There are a variety of resources they can use to practise these topics, including the Corbettmaths, Dr Frost and MathsGenie websites as well as their revision guides and workbooks.

After the PPEs we will be spending time in lessons working through some exam papers in order to help your child practise problem-solving and exam technique, however it would be beneficial if they also did exam practice papers independently at home.

If you and your child think it would be useful to have a set of 10 practice papers then these will be made available to order from school at a cost of **£6.70**.

If you wish to purchase these practice papers they can be ordered and paid for on SCOPAY or paid by cash/cheque (payable to The Castle School), or by credit/debit card. Please hand the slip below in to Student Reception by **Wednesday 8 February**. Please make sure to indicate whether you wish to buy the Foundation or Higher tier papers. If your child is not sure which tier they should ask their maths teacher. The papers will be available for collection after the PPEs.

Students in receipt of free school meals will be given a set of papers without charge.

The mark schemes for these papers will be made available on Classcharts so your child can mark their work.

If you would prefer to print the papers yourself then they will be made available on Classcharts.

Kind regards

Mrs I Sully  
Head of Maths

.....  
PLEASE HAND IN TO STUDENT RECEPTION BY WEDNESDAY 8 FEBRUARY IF YOU WISH TO PURCHASE PAPERS

STUDENT NAME..... FORM .....

MATHS TEACHER .....

I would like to purchase a set of maths practice papers and have paid £6.70.

I have paid via SCOPAY / Cash / Cheque / Credit/Debit Card\* \* Please delete as applicable.

The tier of paper required is (please delete as applicable) FOUNDATION / HIGHER
