

Dear Parent/Carer

26 March 2019

The Castle School takes great pride in its provision for sport and PE. This year we have been fortunate enough to employ Hannah Bryars to coach our young fencers at school. This has been hugely positive and the feedback from students has been excellent. The sessions are motivational so students acquire a skill set they would not have the chance to access in other areas of the school PE curriculum.

The school has always funded our sports coaches, but to enable fencing to run throughout the academic year we will need some financial assistance for this to happen. The school will still subsidise this enrichment opportunity, but in order to secure Hannah's services we are asking for financial contributions from each student signing up to the course.

Students are asked to sign up for a term at a time. Numbers are limited to only 12 students so that it will operate on a first come first served basis only. Students who start in the autumn and spring terms will have first refusal for summer. If they do not wish to continue, their name will be taken off the list. The club will start on Friday 26 April, after school in the sports hall from 3.40 to 4.40pm. The last session will be on Friday 19 July – therefore 11 weeks in total.

The cost of this activity is just £2.00 a session so you would need to pay £22 for the summer term. The school will subsidise the remainder to cover the costs of the coach and equipment required to continue the fencing programme. The school will not be able to issue a refund for students who miss lessons or stop during the term. After each term, students can either decide to continue for another term or be taken off the register to free up a space for another student.

If you are keen to take up this offer, can you please return the slip below and pay either via the school's online payment system, by cash/cheque (made payable to The Castle School) or by credit/debit card (either in person or over the phone).

Kind regards

Yours sincerely

Mr Jones – Head of Sport and Nutrition
